ATHLETIC/ACTIVITY BEHAVIORAL STANDARDS

Participants in athletic/activity programs will adhere to all behavioral standards at all times. Representing a school as part of an athletic/activity program is a **privilege**, and with the extra returns go certain responsibilities. The goal of behavior and conduct standards is two-fold:

1. Participants in athletic/activity programs shall present and conduct themselves in a manner which will bring credit to themselves, the student group or team they represent, or their school.
2. All athletic/activity participants will strive continually to improve themselves by attaining standards higher than those asked of the general student.

In order to attain these goals, the following standards will be in effect for all students who represent their school as participants in athletics/activities.

DEFINITIONS AND STANDARDS

1. An athlete is defined as a student who is a member of a team, ninth through twelfth grade. Athletic training standards require that athletes agree not to possess, use, sell, or provide alcohol, tobacco, or illegal/unauthorized drugs or related paraphernalia at any time.
2. Activity participants are defined as participants in school-sponsored groups, which represent the school publicly, or in competition with other schools. Activity participants will not possess, use, sell, or provide alcohol, tobacco, or illegal/unauthorized drugs or related paraphernalia at any time.
3. When a student is found consciously remaining in association with people possessing or using illegal chemicals, consequences may be levied under the athletic drug and alcohol policy.

PENALTIES:

In case of alleged violations, due process in the form of notification of alleged violation and the right to a hearing must be extended to students involved. The implementation of this policy rest with the building administration and high school athletic director. Consequences begin as soon as a building-level decision is made. Requests to appeal this policy shall be directed to the building principal. Participants in athletic/activity programs who violate drugs, tobacco, or alcohol standards shall be suspended from participation in competitions and lose the right to represent the school for a period of time.

FIRST OFFENSE:

Drugs and/or Alcohol use will result in suspension for 20% of the team’s contests. Tobacco use will result in suspension for 10% of the team’s contests. The athlete may participate in practice sessions during the competition suspension, but will not be allowed to participate in any contests that occur during this period. The athlete will be suspended from the first available and consecutive contests that occur during the athlete’s next extracurricular activity should the violation occur at the end of the prior season. If the participant is suspended at the start of a contest they are ineligible for the entire contest.

As a condition of reinstatement and before representing the school in any activity thereafter, students who violate drug, alcohol, or tobacco standards will do the following: **If you choose not to do the following you will not be reinstated and will not represent Banks High School until completed.**

- a. Enroll the student in an educational class on substance use and abuse to be completed by the student.
- b. The student will complete a report or presentation on the dangers of substance use. The requirements and satisfactory completion of the report will be at the discretion of the Principal or designee.
- c. Upon completion of the above procedure and satisfying the 20% contest suspension the student will be reinstated.

SECOND OFFENSE: Participants in athletic/activity programs who commit a second offense of drug/alcohol use shall lose participation privileges for one (1) calendar year. Upon completion of the above procedure, the student will be reinstated after one calendar year. For a second offense of tobacco use, the student will be suspended for participation for 20% of competitions for that season.

MULTIPLE OFFENSES: A third offense of drug/alcohol use will result in a permanent suspension from all Athletic/Activity opportunities at Banks High School. The student’s ability to represent any teams sponsored by Banks High School will be forfeited for the remainder of the student’s attendance at Banks High School. A third offense of tobacco will result in a loss of participation for 12 calendar months. A fourth offense of tobacco use will result in suspension from all athletic/activity programs sponsored by Banks High School for the remainder of the student’s time attending Banks High School.

If a student quits the team or chooses not to adhere to the punishment, then that student will have the consequences carried into their next season of participation. If the violation occurs at the end of one season it will carry over for the same time frame into the students next sport of participation.

THIS POLCIY WILL BE ENFORCED AS WRITTEN BY ALL ATHLETIC/ACTIVITY PROGRAMS AFFILIATED WITH BANKS HIGH SCHOOL. NO COACH OR ADVISOR MAY MAKE THESE CONSEQUENCES MORE OR LESS SEVERE.
