

Banks School District 13

Code: IGDH
Adopted: 1/11/84
Readopted: 7/10/00
Orig. Code(s): IGDH

Contests for Students

Student contests or projects are a vital adjunct to the regular course of study in school. Students can gain valuable experiences which supplement classroom instruction. The district will permit promotional and school time or staff assistance for student contests which are directly related to the primary educational aims of the district.

In the context of this policy, the district's interscholastic sports programs and those regional, state and national activities associated with school-sponsored class and club organizations are considered viable activities of the district. The district may, with prior Board approval provide assistance within budgetary limitations for organizations and individuals to compete up to the state level.

Chaperons are responsible for students the entire time they are under the chaperon's supervision.

END OF POLICY
